

"FOR EVI OG ALDRIG"

STIG MÅKIPARK

11. JUNI - 5. JULI

GALLERI DUER

``For evi og aldrig``

“For evi og aldrig” er Stig Magnus Makiparks første separat utstilling som solo kunstner. Med bakgrunn fra graffitiscenen har han videreutviklet et særegent uttrykk som i dag fremstår abstrakt, figurativt og tidløst. Utstillingen handler om å balansere kontrasten mellom hardt og mykt, maskulint og feminint. Verkene er inspirert av retro interiørdesign, tradisjonelle koreanske billeduttrykk og energien fra samtidens graffiti.

Stig Magnus Makipark (f. 1995) er en norsk kunstner med røtter fra Sør-Korea. Han har arbeidet med kunst siden han var 15 år og er selvlært, formet gjennom erfaring, eksperimentering og et liv nært kunst- og undergrunnsmiljøet.

Siden 2016 har Makipark vært en del av kunstkollektivet DUER, som i 2023 åpnet et samtidskunstgalleri i Oslo. Hans praksis spenner fra akryl og oljemaling til oljestifter, garn og keramikk, med en kontinuerlig utforskning av ulike medier og teknikker. Makipark har deltatt på en rekke utstillinger og har blant annet stilt ut hos Fineart, Soli Brug, Bærum Kulturhus og Bomuldsfabriken Kunsthall.
